

ClearLine Annuity

Nearing or being in retirement is not the time to risk your savings.

Key features

- Some market participation, no market downside
- Optional Rising Income Rider for increasing lifetime income
- Income Power option for non-qualified contracts

ClearLine Annuity can help grow your retirement savings without investing in the stock market. You can receive interest credits based on a portion of the increase of a financial market index, but are guaranteed to never lose money due to market loss. In short, we credit you a portion of the upside, while protecting you from all market loss.

And, with the optional Rising Income Rider, you're guaranteed retirement income payments that may increase every year — for life.
