

Can I create an account on the My Security Benefit app?

My Security Benefit app

Individuals who have a retirement account with Security Benefit must create an account on SecurityBenefit.com prior to accessing the My Security Benefit app.

To create an account, click “Register Your Account Online”, follow the prompts to create a profile, setup your security questions and, two factor authentication. Usernames must have at least 8 characters (no special characters), and Passwords must contain eight characters including at least one number, one lowercase letter, one uppercase letter, and doesn't contain your Username.

Once you've established your account, you will use the same username and password to access the My Security Benefit app.
