### **FINANCIAL PROFESSIONAL USE ONLY — NOT FOR USE WITH CONSUMERS**

You could lose money by investing in the Money Market Funds. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the Fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund's sponsor has no legal obligation to provide financial support to the Fund, and you should not expect that the sponsor will provide financial support to the Fund at any time.

Product level fees are deducted separately from fund level expenses which may causes the unit value of the money market accounts to fluctuate.
