

## I'm an individual. How do I register for an online account on SecurityBenefit.com?

### [Website Support](#)

Navigate to SecurityBenefit.com and click on [Sign in](#) within the upper menu.

On the next screen, click on the “Register Your Account Online” button to begin the registration process.

A screenshot of the 'Sign in to SecurityBenefit.com' page. It features a 'Welcome' message and instructions to sign in for annuity contracts or visit SecurityRetirement.com for mutual funds. There are input fields for 'Username \*' and 'Password \*'. A checkbox for 'Remember my username and password' is present. Two buttons are shown: 'SIGN IN' and 'REGISTER YOUR ACCOUNT ONLINE' (highlighted with a red box). At the bottom, there are links for '> Forgot Password' and '> Forgot Username'.

On the next screen, you'll be presented with a drop-down menu to select Individual.

A screenshot of the 'Register' page titled 'Website Registration'. It includes a note: '\* Indicates required fields.' Below this is a label 'I'm a \*' followed by a dropdown menu with the text '- Select -' (highlighted with a red box).

Fill in all required fields as indicated.

NEXT

**After filling in all required information, you may fall into two possible scenarios:**

1. You are an existing user on SecurityBenefit.com who has not signed in to the site in the past 12 months, or
2. You are a new user who has not yet registered on the site, but your information is found in our records system (i.e., you are a customer and have purchased an annuity, but have not yet registered or signed in).

The following screens will show the next steps in the registration process that are unique to each scenario, and then the process is the same for everyone.

If you are a converted user, (meaning you have signed in to SecurityBenefit.com since 1/1/2018) you will not be asked to re-register. Your username and password have been ported over our multi-factor authentication code.

SAVE

Next, you will be asked if you wish to complete the optional step of setting up additional multi-factor authentication to secure your access. If so, follow the process outlined later in this document. If not, you may now click on the Sign In button and sign in to SecurityBenefit.com.

## Security Settings

### Optional

At this time you have the option to set up additional security settings. You can set up and change your security setting under the My Profile menu after sign in.

When you have successfully entered information into all required fields, the registration process is almost complete and you should see this screen.

Register

## Website Registration

Your registration is almost complete!

Please check your email for a link to complete this process and sign in to your account.

Note: This email will expire in 7 days.

Check your Inbox of the email account used in the initial registration process for a confirmation email (the email will come from Do-Not-Reply@SecurityBenefitInfo.com). When it arrives, you will have 7 days to open it and click on the link inside the email to finalize the account registration process, which includes:

- Setting up a password,
- Setting up security questions, and
- Optionally entering a cell phone and/or landline phone number for multi-factor authentication.

The email you receive from Security Benefit to complete the registration process will look similar to this:

Hi [First Name],

Welcome to SecurityBenefit.com.

Your registration is almost complete! Please sign in to access your account. You will be asked to set up a password, provide a security question and answer, and determine your account verification method.

[COMPLETE YOUR REGISTRATION >](#)

This link expires in 7 days.

If you believe you have received this email in error, please contact our Service Center at 800.888.2461 between the hours of 8 a.m. - 7 p.m. (Eastern time).

This is an automatically generated message from Security Benefit. Replies are not monitored or answered.

From here, the process is the same for the second two scenarios (new users, or those who haven't signed in to the site in the past 12 months).

Once you have clicked on the link in the email, you will be asked to create a password and re-enter that password to verify it is correct. Passwords must contain:

- At least 8 characters
- At least 1 number
- At least 1 lowercase letter
- At least 1 uppercase letter
- Does not contain part of the username

You will also be asked to choose a recovery question to be used in the event of needing to reset a password or gain access when you have forgotten a password.

Answer \*

CREATE MY ACCOUNT

After successfully establishing a password and setting a recovery question, you will be presented with the next screen to optionally set up additional security verification numbers, either a text message to a cell phone, or a voice call with verification code to any number you choose. This multi-factor authentication helps to insure only you have access to your account information on SecurityBenefit.com by requiring a second authentication device in order to sign in.

## Two-Factor Authentication

### How would you like to receive your verification code?

From the list below, please select how you would like to receive your code.

You may update your profile after you sign in to your account.

The screen for setting up text verification. Enter your 10-digit cell phone number without the country prefix. Please do not enter hyphens or parentheses. Click on the “Text” button to initiate the text message to your phone to verify the device. Please allow up to: 30 seconds to receive the text message.

## Security Settings

### Optional

At this time you have the option to set up additional security settings. You can set up and change your security setting under the My Profile menu after sign in.

VERIFY

SIGN IN

When you have entered the verification code, this screen will appear which confirms the number that has been established for your profile. Should you wish to change a phone number, simply sign in to your account, navigate to My Profile in the upper right navigation and edit your profile information.

## Security Settings

### Optional

At this time you have the option to set up additional security settings. You can set up and change your security setting under the My Profile menu after sign in.

I WANT TO SKIP THIS STEP AND SIGN IN TO MY ACCOUNT

#### ▼ Set Up Text Verification

A text message has been established for: [REDACTED]

To change your number, please [sign in](#) and select My Profile in the top navigation to edit your profile.

#### ▼ Set Up Voice Call Verification

A voice call has been established for: [REDACTED]

To change your number, please [sign in](#) and select My Profile in the top navigation to edit your profile.

SIGN IN

You now have the option of how you'd like to receive your verification code to finalize your registration and site access, either via email, SMS text, or a voice call to the number you set up (if any).

## Two-Factor Authentication

### How would you like to receive your verification code?

From the list below, please select how you would like to receive your code.

You may update your profile after you sign in to your account.

▶ Email

▶ SMS Text

▶ Voice Call

Select the method of verification you prefer, and a one-time use code will be sent. In this example, select "Email" and click on the "Send Email" button to send a verification code to the email address you set up when you established your account. Regardless of the method of verification you select, a verification code will be sent to you and you must enter it into the required field in order to complete the sign in process.

## Two-Factor Authentication

### How would you like to receive your verification code?

From the list below, please select how you would like to receive your code.

You may update your profile after you sign in to your account.

▼ Email

Our records indicate that your email address is: [gl@securitybenefit.com](mailto:gl@securitybenefit.com)

If this is your email address, select the "Send Email" button to have a 6-digit code emailed to you.

If you don't receive an email from Security Benefit within fifteen minutes, please check your spam folder and try again.

Verification code

Please remember me on this device

If the email address listed above is not correct, please choose another authentication option or contact our Service Center at 800.888.2461 between 8 a.m. - 7 p.m. (Eastern time).

► SMS Text

► Voice Call

Once you click on "Send Email", you should see the green check mark confirming a verification code was sent to the email address on file. If this is a trusted device (your personal computer, phone, or tablet and not a shared device, check the "Please remember me on this device" below the Verify button to avoid having to enter a verification code the next time you sign in to SecurityBenefit.com.

An example of the verification code email you will receive.

Hi [First Name],

You are receiving this email because a request was made for a one-time code that can be used for authentication.

Please enter the following code for verification:

316445

At this time your password can only be reset by an administrator. Please contact our Service Center at 800.888.2461 between the hours of 8 a.m. - 7 p.m. (Eastern time).

This is an automatically generated message from Security Benefit. Replies are not monitored or answered.

Enter the code into the “Verification code” field and you should be successfully signed in to the site.

**If you should have any questions or encounter any issues in registering, please call our Service Center at 800.888.2461 from 8 a.m. to 7 p.m. (Eastern Time), Monday through Friday.**
