

Workplace Retirement Fund Changes

EFFECTIVE DATE: NOVEMBER 6, 2020

Thank you for using the Security Benefit Security Benefit Workplace Retirement Plan. A key benefit of the Workplace Retirement Plan is the investment management expertise of Mesirow Financial, who serves as ERISA 3(38) fiduciary for the investment lineup. It is their duty to constantly monitor the fund options, and make changes when necessary.

Mesirow has identified the following necessary changes to the Workplace Retirement Plan lineup, which will be effective on Nov. 6, 2020:

Investment Option Additions

New Investment Option	Asset Class
Janus Henderson Flexible Bond	Intermediate Term Bond
DFA Commodity Strategy	Specialty-Sector

Investment Option Removals and Mapping

Investment Option Selected for Removal	Investment Option Replacement
Pioneer Bond	Janus Henderson Flexible Bond
BNY Mellon Natural Resources	DFA Commodity Strategy

If participants have assets in any of the investment options that are being removed, they can transfer those assets at any time to the investment option(s) of their choice. Changes can be made on our website at www.SecurityBenefit.com. Any assets remaining in the investment options to be removed on Nov. 6, 2020, will be mapped to the identified replacement investment options.

Information about this change is also being sent to your plan sponsor and their participants. Security Benefit appreciates your support of the Workplace Retirement Plan. If you have any questions, please don't hesitate to contact us at 800.747.3942.

We appreciate your business and look forward to our continued service as your retirement plan provider.
